[Cyndi.Lincicome@URSCorp.com](mailto:Cyndi.Lincicome@URSCorp.com)

*Please remember "no shows"  
to this event will be billed.*

## LETTER FROM THE PRESIDENT – Geoffrey McKenzie

We had another record turnout for our annual **8 on 8 event**, held on June 18th. More than 170 members, non-members, and invited guests attended this year's meeting. Feedback from the meeting has been very positive from both attendees and the invited guests from the agencies represented. In fact, several of the agencies asked to be invited back again next year, and at least one agency asked for two tables rather than one for next year. I would like to take this opportunity to thank the members of the Programs Committee, particularly Cyndi Lincicome, for their efforts in making this program such a huge success.

July has always been one of my favorite months for Denver Metro Post activities. First, the **Engineering and Construction Camp at the U.S. Air Force Academy** is the culmination of a year's worth of planning. John Mullans, with the help of John Coats, has been working diligently all year to make the Camp even better than the previous year. Sustaining member firms and some individuals provide monetary support and in-kind services to help make the Camp a success. And, our July meeting is a joint meeting with the Pikes Peak Post at the Camp where we get to share lunch with the campers and mentors. This year, MG Johnson, Deputy Chief Engineer of the U.S. Army Corps of Engineers is the guest speaker. If you did not get a chance to hear his presentations at the national conference in May or our regional conference last year, this is a chance to meet him in yet a smaller setting. For additional details on the meeting, please see the sidebar on this page of the newsletter. We hope to see you all on the 11<sup>th</sup>!

This month also brings the Pikes Peak Post's **2006 Annual Scholarship Golf Tournament** on July 21, 2006. It will be held again at the Eisenhower Golf Club at the USAFA which is a beautiful setting for a game of golf. The tournament benefits the Education and

Mentoring Fund while allowing us to enjoy time with friends in both the Pikes Peak and Denver Metro Posts. Please see the write-up later in this newsletter for additional information regarding the tournament.

We are now half way through the year, and thus far, have had many exciting meetings and events. Plans are underway for the second half of the year and include a technical workshop and an awards luncheon. Please help us make the second half of the year successful by letting us know how we can serve you and provide the programs and other events that would be of interest to you. If you have thoughts, suggestions, or would like to get involved in the Post, please contact me at [mckenziegm@cdm.com](mailto:mckenziegm@cdm.com).

**Geoff McKenzie**  
President, Denver Metro Post

## SAME National Small Business Wants to Hear From YOU!

The SAME National Small Business Council publishes a newsletter which is distributed at regional and national SAME conferences. If you would like to submit content (success stories, news, etc.) they would like to highlight SAME Small Business Members. Please submit your ideas and content directly to Mike Zambrana, the council Communications Vice-Chair. He can be reached at [mzambrana@pangea-group.com](mailto:mzambrana@pangea-group.com).

SAME Small Businesses are also encouraged to submit articles for publication in **The Military Engineer**, SAME's monthly magazine. If you are interested in providing an article, please contact Jennifer Frogg, Chair, SAME National Small Business Council, directly at 714-985-2888 or [jenniferf@rmland.com](mailto:jenniferf@rmland.com). This is an excellent way for small businesses to get publicity about your firm's accomplishments.

---

## Mark your Calendars! SAME is Hosting Regional Conference in November

The SAME San Francisco Post will be hosting the Southwest/Rocky Mountain Joint Regional Conference on November 7-9, 2006, in San Francisco. Details on registration and exhibits will be coming soon. For more information, contact Julie Timmons @ [jtimmons@f-w.com](mailto:jtimmons@f-w.com)

---

## The SAME Joint Engineer Education and Training Conference and Expo Proceedings Available

The mailing list for exhibitors or attendees at the 2006 SAME Conference is available to Sustaining Members at <http://posts.same.org/JEETCE2006/attendeelists.htm>.

In addition, technical presentations and abstracts are available through this website: <http://posts.same.org/JEETCE2006/techcalendar.html>

---

## Reminders on the SAME DMP Website

Reminders on the events in this newsletter can be found on the DMP website under "Upcoming Events." Go to [www.same.org](http://www.same.org); click on "Find a Post" then click on "Denver."

---

## Discount Subscriptions for SAME Members

SAME is proud to offer its members discounted subscriptions to **Engineering News Record (ENR)** and **Aviation Week & Space Technology**. Hurry, this offer is good for a limited time. In addition, be the first to learn about important A/E/C changes, contracts and awards through subscriptions to industry-leading print and electronic publications, **The Military Engineer**. Sign up now at [www.same.org](http://www.same.org)

## Sustaining Members News

### MWH Opens Canada Office

MWH announced that it opened an office in Toronto, Canada that will initially focus on Ontario's hydroelectric generation development opportunities. "Expansion of services to Canada continues to be a priority and strategic objective for MWH," said Alan Krause, president of the Natural Resources, Infrastructure and Industry division of MWH. "As our client base continues to grow, we must create the necessary footprint to best serve them. By opening an office in Canada, we are providing local resources and talent that are closely connected to our core clients around the world. This expansion also allows us to add some very talented technical staff to our MWH team and better serve our clients." For more information contact Teri Farmer at [Teri.Farmer@us.mwhglobal.com](mailto:Teri.Farmer@us.mwhglobal.com)

### Waterstone Environmental Hydrology and Engineering Joins SAME DMP Sustaining Members

Welcome! We will hear more about Waterstone based out of Boulder in the upcoming months. For now, we want to welcome them as SAME DMP Post Sustaining Members. Your contact is Krystyna Kowalska at [Kowalska@waterstoneinc.com](mailto:Kowalska@waterstoneinc.com).

### Stanley Consultants Establishes Baton Rouge Office

Stanley Consultants is pleased to announce the opening of a new office in Louisiana. The new Baton Rouge office offers engineering, environmental and construction management services to federal, state and municipal clients in the transportation, water resources and water/wastewater markets. With 15 domestic office and several international offices, Stanley Consultants is ranked as one of the country's leading engineering firms. As such, the Baton Rouge office has access to the company's full spectrum of services. Established in 1913, Stanley Consultants has served federal, state and municipal clients for decades. In 2005, AARP named Stanley Consultants the country's Best Employer for Workers Over 50. For more information about Stanley Consultants contact Richard Brant at [RichardBrant@stanleygroup.com](mailto:RichardBrant@stanleygroup.com)
